SASKATOON GETS POLAR BEAR TOUR

CALGARY, ALBERTA – Classic Canadian Tours (CCT) is once again offering a unique one-day polar bear viewing experience with a non-stop jet flight from Saskatoon to Churchill this fall.

On Tuesday, October 28th CCT will fly a chartered Boeing 737 non-stop from Saskatoon to Churchill, MB for a same day return experience with polar bears. The day begins with a 1-½ hour flight to Churchill departing at 7:30 a.m. After an in-flight breakfast and a naturalist presentation enroute, guests transfer to a tundra buggy vehicle and then spend 5 – 6 hours seeking and observing the polar bears. At the end of the day there is a quick tour of main street Churchill and then return back to Saskatoon on a dinner flight, arriving home at about 7:30 p.m.

“Our Polar Bear Tours are ideal for individuals seeking a short, one of a kind excursion in a comfortable environment,” explains Bill Lamberton, President of Classic Canadian Tours. “If the mission is to see polar bears, our tours achieve this without a circuitous routing or a number of overnights.”

Tours can be booked through a travel agent or by calling toll free 1-866-460-1415. For further details, visit www.ClassicCanadianTours.com.
